

To Be Alive!

To be alive in such an age!
To live in it!
To give in it!
Rise, soul, from thy despairing knees,
What if thy lips have drunk the lees?
The passion of a larger claim
Will put thy puny grief to shame.
Fling forth thy sorrow to the wind
And link thy hope with humankind:
Breathe the world-thought, do the world-deed,
Think highly of thy brother's need.
Give thanks with all thy flaming heart,
Crave but to have in it a part—
Give thanks and clasp thy heritage—
To be alive in such an age!

OBED E. ELY

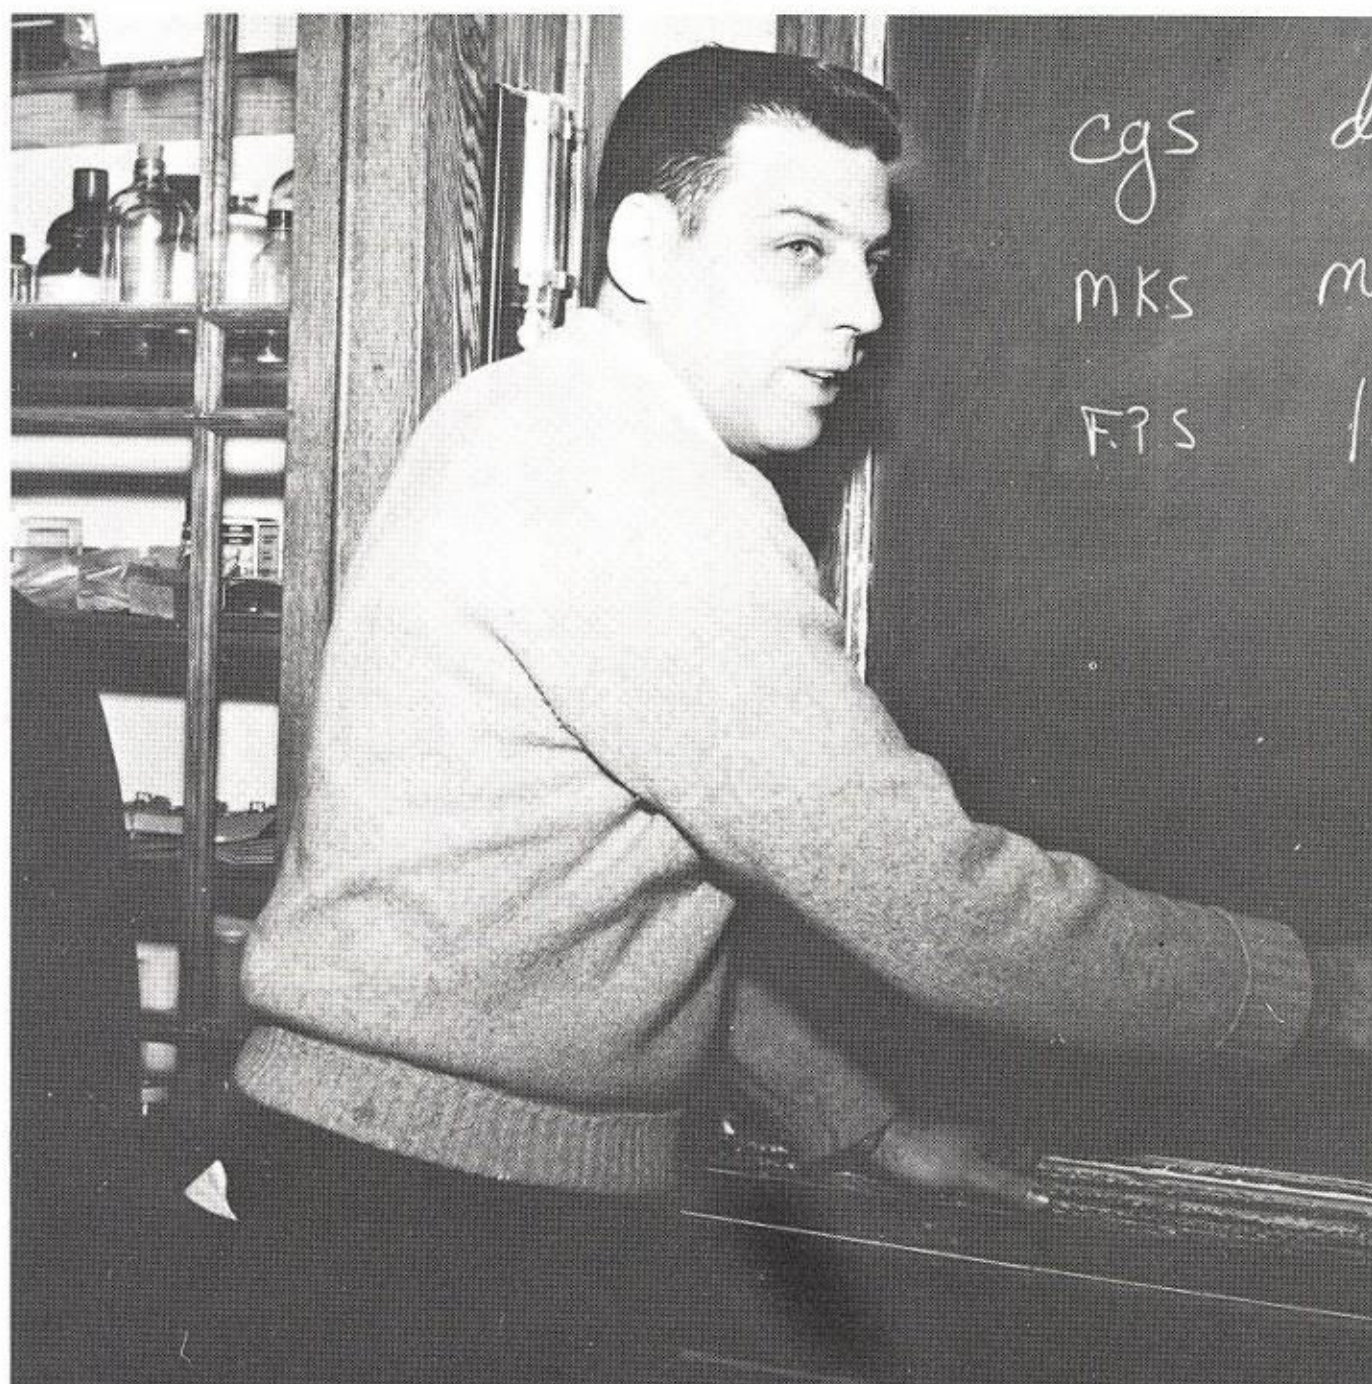

IN MEMORIAM

Our teacher, our guide, and our friend—Obed Ely was all these and more. His wisdom, his encouragement, his wit, and his infectious laugh endeared him to us. We held the highest respect for this man who influenced us so deeply, as tutor and teacher in math, helper in French, and advisor in GO.

Above all, we will remember Mr. Ely for the friendship he gave us. He offered his counsel generously for our troubles in our personal lives and in school. Our problems and thoughts concerned him as much as his own. We wish sincerely to pay tribute to this beloved man whose ebullient spirit touched our lives with richness and with joy.

Dedication

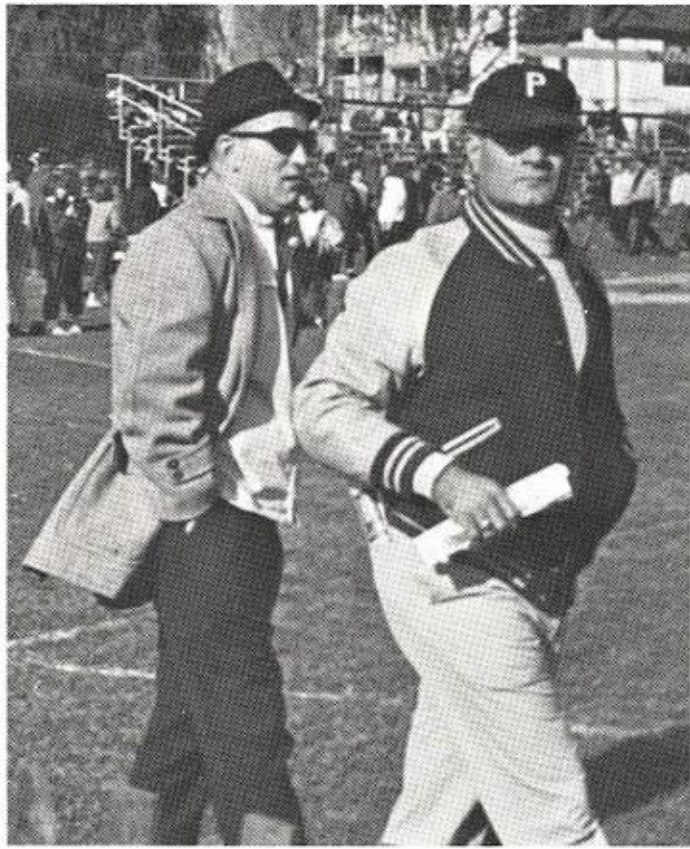

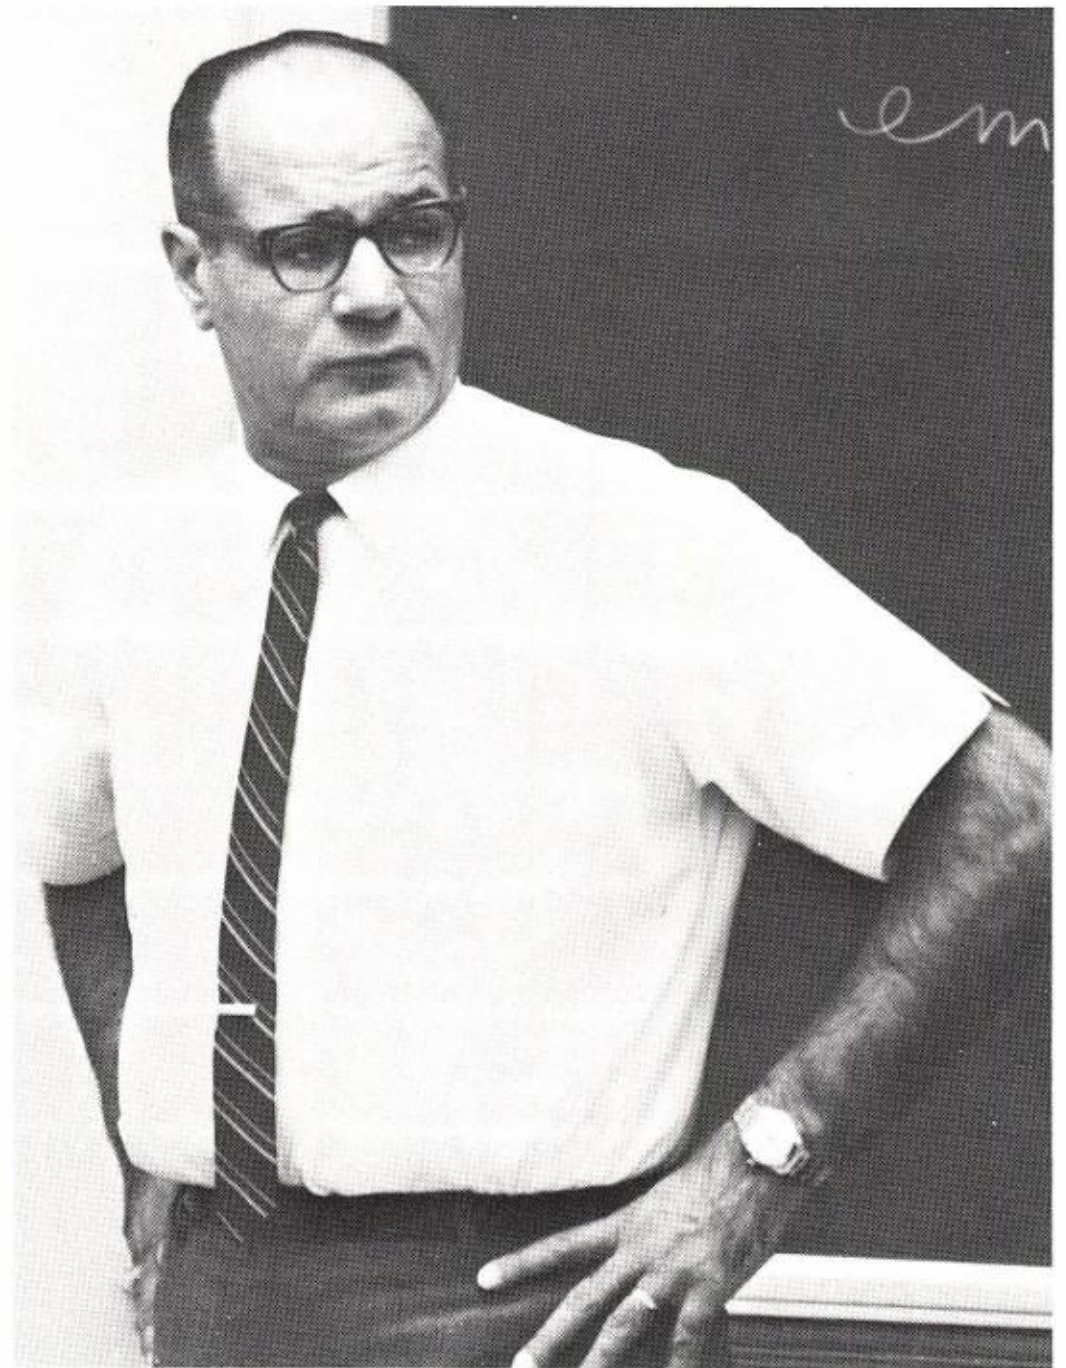

When we entered high school, we met you in the annex. The excitement you felt for your subject made learning much easier. Your jaunty stride and friendly grin became a familiar sight to all of us. When you moved to the science wing, you put the same zest and organization into your new subject. We appreciate the attention and interest you have shown each of us as individuals. With affection we dedicate our yearbook to you—

“Ingenious”

"Is There Anything I Could Do To Help?"

Dear Seniors:

A ten year old boy from Briarcliff wrote to Congressman Richard Ottinger of Pleasantville offering to help in efforts to improve the Hudson River. Impressed by his interest, Representative Ottinger forwarded a copy to President Johnson. I suspect that by now John Schmelke of 257 Sleepy Hollow Road has received a reply from the President.

I wish that one or more Pleasantville Seniors could have been moved to say "I wonder if there is anything I could do to help."

Is there anything I could do to help? Somehow I believe that many of you felt that way when you were ten. Do you still feel this way about things? Wouldn't it be a fine world if we all felt so? Somewhere between ten and twenty too many of us absorb from others and from our experiences in trying to help the attitude expressed by "*What's in it for me? What will I get out of it?*"

It has been said "There is nothing commoner than talent among modern men and nothing rarer than ambition, industry, and faith. If the author of these words had added willingness to help, I believe his words would have been even more true. Put talent, ambition, industry, faith, and helpfulness into any project and I predict that it *will* be done.

"Is there anything I could do to help?" asks for leadership. It is from you that we look for this in future years. To become a leader one must have had experience in helping others who lead. Only from this comes the support of others when you earn the leadership role. I predict for the young man from Briarcliff a useful life, especially if he continues to have the desire to help. I commend to you the spirit which is expressed in "What can I do to help?" Use it at home, in church, in college, in your vocation, and live a full and useful life.

I've almost convinced myself that I should try it too.

Best wishes from

Mr. Mac

UNDERCLASSMEN

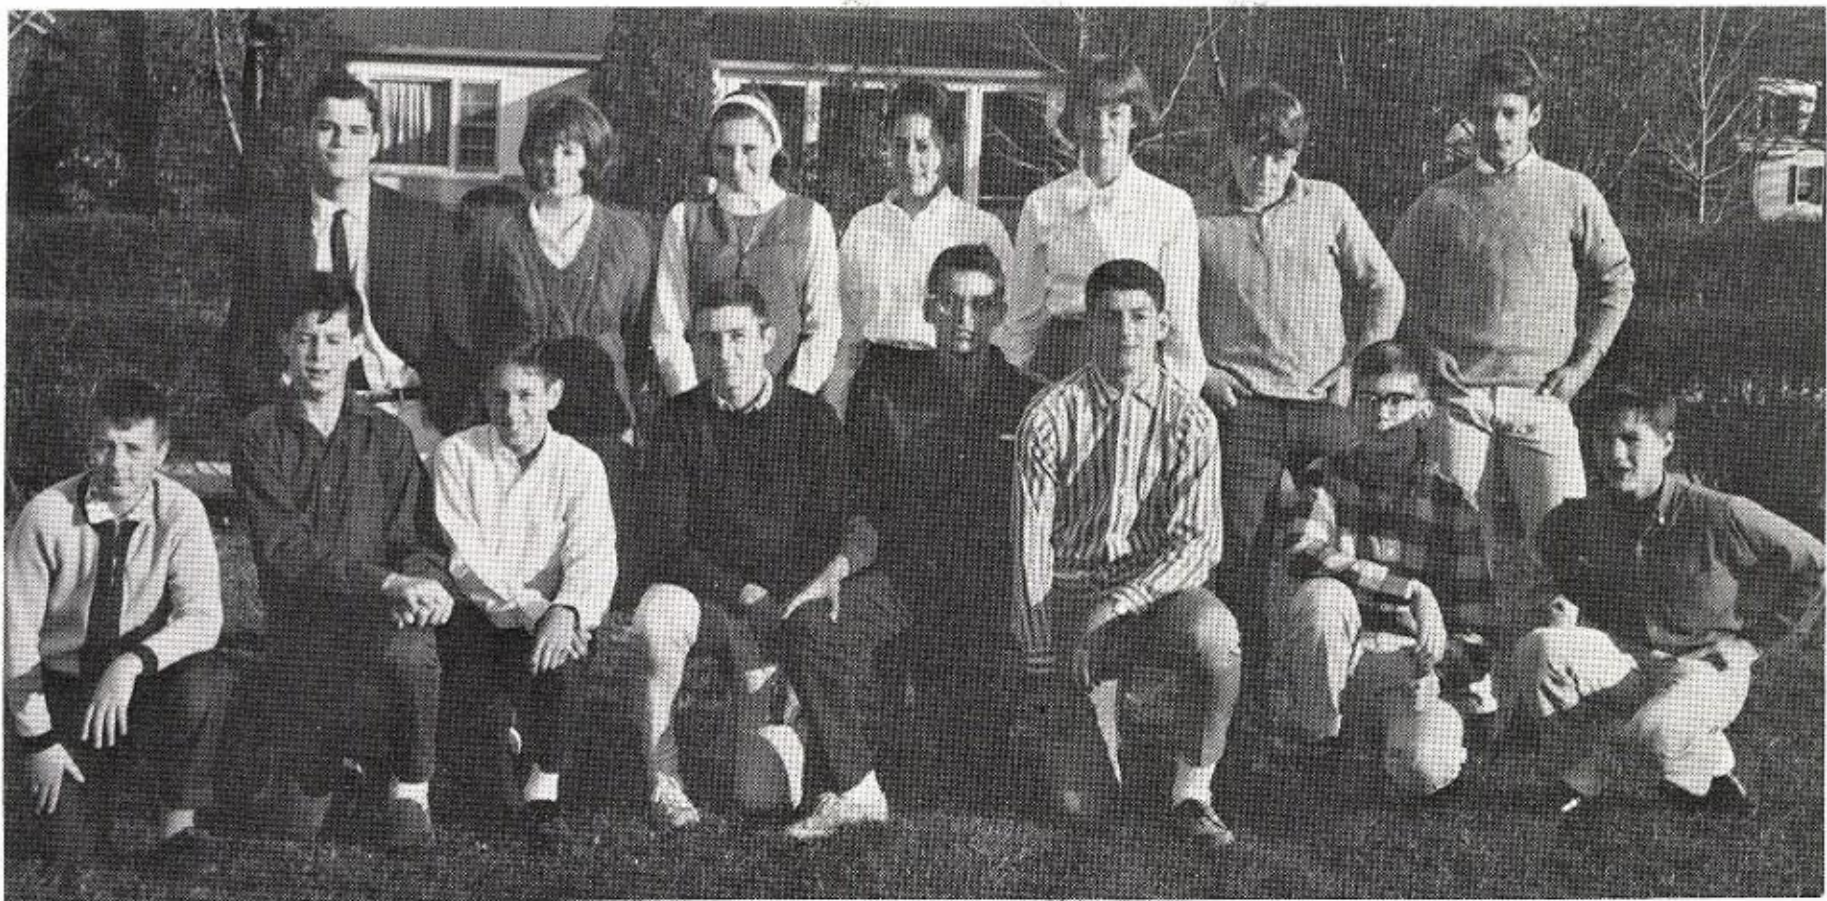

FRESHMEN

Members of the freshman class entered the hallowed halls of P.H.S. in September feeling a bit dazed and lost. They soon became an integral part of high school life, however, and have participated actively in P.H.S. organizations. They can be proud of their freshman football team, which ended the season undefeated and unscored upon. Under the guidance of their class advisor and Mrs. Hogue, and under the leadership of capable officers they wrote and ratified their class constitution. The future sees the class of '69 bringing its share of honor to our alma mater.

J U N I O R S

The Class of '67 has a lot of school spirit and has shown its support for the Varsity Football team by winning first prize in the banner competition for the big "Rye on the Rocks" pep rally and dance. The Junior Prom, "Whispering Pines," was presented on December 17—it was a memorable evening for everyone. The largest in the school, the Junior class is blessed with the last Armonkites, three of whom are officers, to graduate from P.H.S. With the able assistance of class advisor, Mrs. Henken, and the leadership of its officers the juniors have been active and are looking forward to their big SENIOR year.

General Organization

If the amount of money determines the power of an organization, the GO wields a heavy axe. It's an organization with a budget of \$3,000 and much responsibility. The main business on the agenda at meetings is approving budgets and passing bill after bill. Members are busy selling GO cards, coffee, hotdogs, cokes, and candy at Panther games. Although the club has not been able to provide PHS with an apple machine after four years of struggle, we appreciate its effort. By supporting Varsity and J.V. Athletics, the Green Lantern, Girls' Sports, the Drama Club, and many other activities, the GO keeps the pride in our alma mater high.

Student Government

The Student Government, with the fresh ideas of President Mike Moroney, was especially active this year. Meetings were busy with a multitude of new laws and constitutional corrections. In cooperation with the AFS, the club held a "Finnish Day" to honor Jussi. The annual "Rye on the Rocks" was complete with banner competition. On Student's Day, another prime activity run by the S. G., the students took over the school. Teachers and administrators took a vacation while Mike tried to get "C" students into Harvard and Phil passed out detentions.

NAC is the organization that's always ready with new activities to keep the spirit high at PHS such as those "rousing" pep rallies and the ovation for Mr. Sabella, the big volleyball tournament, and the talent show. Other events were the fabulous Spring Festival, the hole-in-one contest, and Button Day. Led by Mike, Judy, Margie, and the Beattie team, the NAC has been busy selling Panther decals, buttons, and rooter bus tickets, and receiving brain waves to bolster the *élan* at PHS.

The AFS club welcomed Jussi Timgren of Finland to Pleasantville this year. In his honor the club and the Student Government proclaimed a "Finnish Day." Jussi was presented with a PHS class ring and a Finnish flag purchased for the school. In connection with the AFS's aim, to further understanding among the peoples of the world, the club held a student weekend for the foreign students in the area to give the people in the community a chance to become acquainted with them.

American Field Service

T.V. Tips

This year Mrs. Lomont, Mrs. Kiefer, Miss Nulty and the members of the TV Tips have put out weekly schedules of television programs which would interest the students in different fields of study. The television has been used as an additional exposure to studies through 'TV Tips' recommendations for such programs as: *The Twentieth Century*, some TV productions of plays, sports and news casts, and several additional TV "specials."

Library Club

The members of the Library Club meet on alternate Fridays to discuss books which they have read. Guest speakers, both students and teachers, are invited to relate their travel experiences. In addition, each girl volunteers a study period to help Mrs. Kiefer in arranging the files and organizing the bookshelves and magazine rack.

(Future Nurses)

We welcomed Mr. Solin's return in February as head of the math department.

Math Club

Continuing with its fine record, Pleasantville's Math Club scored well in this year's contests. Coached this year by Mrs. Habl and Mrs. Wolfson, the club traveled to monthly meets after school and made a very good showing at all of them. Looking forward to next year, the club hopes to keep up their fine scores.

The Future Teachers' Club, as always, has an interesting year to look back on. With Mrs. Henken they have learned about qualities of the successful teacher and objectives in teaching. Activities, including field trips, bake sales, holiday projects, and the Teachers' Recognition Day Luncheon, have made 1965-66 a memorable year for the F.T.C.

The 1965-66 Assembly Council has spent a busy year planning PHS' assemblies. Working with Mrs. Bradbury, the Council has presented several assemblies on travel such as "Quentin Keynes, World Traveler", and Jussi Timgren's assembly on Finland. One of the important tasks of the Assembly Council is preparing holiday assemblies. This year one of the most memorable programs was the Winter Holidays Assembly, utilizing student talent in the Senior Chorus and a dance pantomime presented by Joanne Sager. In making its plans for next year, the Council, with Mr. Heideman, will present a science program, in addition to the package program already engaged.

PHS' Interact Club, sponsored by Rotary and advised by Mr. Mac and Mr. Lockwood, is one of the few such clubs in New York. Its purpose is to benefit the school and community through service projects. The boys can be proud of their first full year, which was marked by a singular achievement, the raising of money for a school in India.

Leaders' Club

Athletically interested girls who are judged to be gifted leaders are elected members of this organization, whose prime concern is to ease Miss Stallwood's burdens. The girls referee intramural games, help to run the program, and serve oranges at honors games. On their annual theatrical trip to New York one of their gullible members falls prey to the treachery of her clubmates.

Choruses—

The high point of the year for the three choruses—Senior, Men's, and Freshman—was the Spring Concert. The stunning performance of each group was the result of the sweat, blood, and tears of a year's hard toil. The Senior Chorus delighted the Presbyterian Women's League, the Methodist Couples Club, the Rotary Club, and the entire student body with Christmas programs. All three choruses express their gratitude to Dr. Tellstrom for his devotion and hard work.

The PHS orchestra meets Wednesday mornings throughout the year. Mr. Lockwood directs the group and Mrs. Lockwood helps to keep the violins in tune by playing in that section. During intermission at school plays, the orchestra entertains the audience, and it provides the "Pomp and Circumstance" for the junior high and high school graduations.

Band

The PHS band is the oldest high school military band in New York State. Led by drum major Jon Charry, the band marched to and from football games and gave its support to the team throughout the games. Band members march in the Memorial Day Parade and present their annual concert in the spring.

Officers of the five Tri-Hi-Y's began the year with a fabulous fall weekend at Camp Sloane, complete with a hootenanny, dance, bonfire, and candlelight ceremony. The Albany bill weekend was another blast for four lucky girls. Members were busy with bake sales, bottle drives, egg sales, carwashes, and anything else to make money for service projects and to support the Hi-Y's' foster child. The Hi-Y's cooperated with Interact to present the Sadie Hawkins Dance in February. Throughout the year each organization was filled with the spirit of friendship and service.

Under junior leadership, the *Green Lantern* made a remarkable come-back after its two difficult years. It was bolstered by an influx of enthusiastic freshmen and a few hard-working seniors. Together, their combined efforts were responsible for the publication of six issues.

During the month of March the advisor, Miss Macfarlane, and several members of the staff attended the annual Columbia Press Conference at Columbia University. This experience gave the staff an opportunity to compare the *Green Lantern* with newspapers of other schools and to learn more about journalistic standards.

Varsity Football

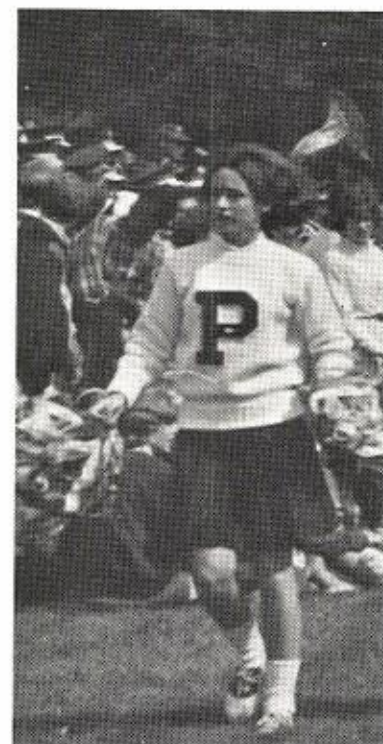

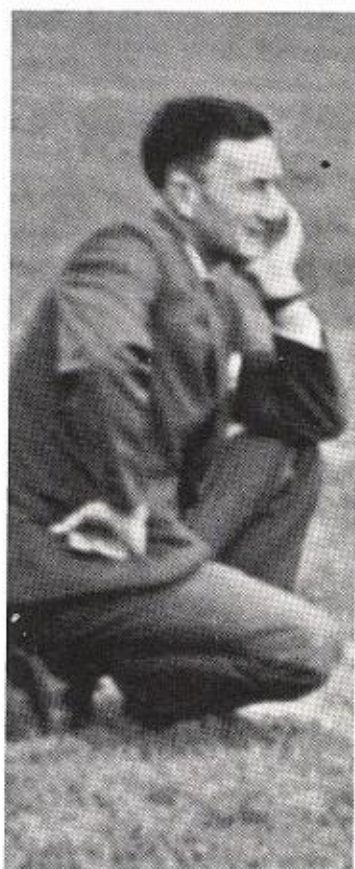

Was it "Power 7 Sally" or the team's overwhelming spirit that brought another exciting season to PHS? The Panthers, with the competent coaching of Peter Kurachek and Charles Beattie, compiled a record of 3-4-0. Our shut-out victories over Fox Lane and Eastchester gave the first air of victory to PHS and "Slingshot" Sabella's performances earned him the Con Ed Award. The Varsity was first defeated by the underestimated Horsemen; Sleepy was just too big. The next week Rye played their best game of the year, the Panthers their worst. After that disappointment the "never-say-die" Panthers faced even tougher competition from Pelham. The Big Green deserves a lot of credit when it outplays a team but loses by only one point. Tension mounted when the huge Huskies took the field, but the Panthers dominated the game, making Harrison look feeble and breaking their winning streak at fourteen games. It was a sensational victory and an upset that will be long remembered. At Greeley, again we faced a team that outsized us, and again the Panthers fought hard, losing by only one TD. PHS' 1965 grid heroes were high-spirited guys with a strong desire to win, and they gave us a good season with excellent competition.

Cross Country

Although the Panther harriers placed third in SWIAC, they had an excellent season. Off to a good start, they crushed Pelham 15-50. Against Harrison they suffered a close defeat. In the third meet the Panthers fried Rye, 20-41. The Green team shut out Eastchester, allowing only one Eagle among the top twelve. In the final meet against Sleepy Hollow, the Panthers ran their best race, but still lost.

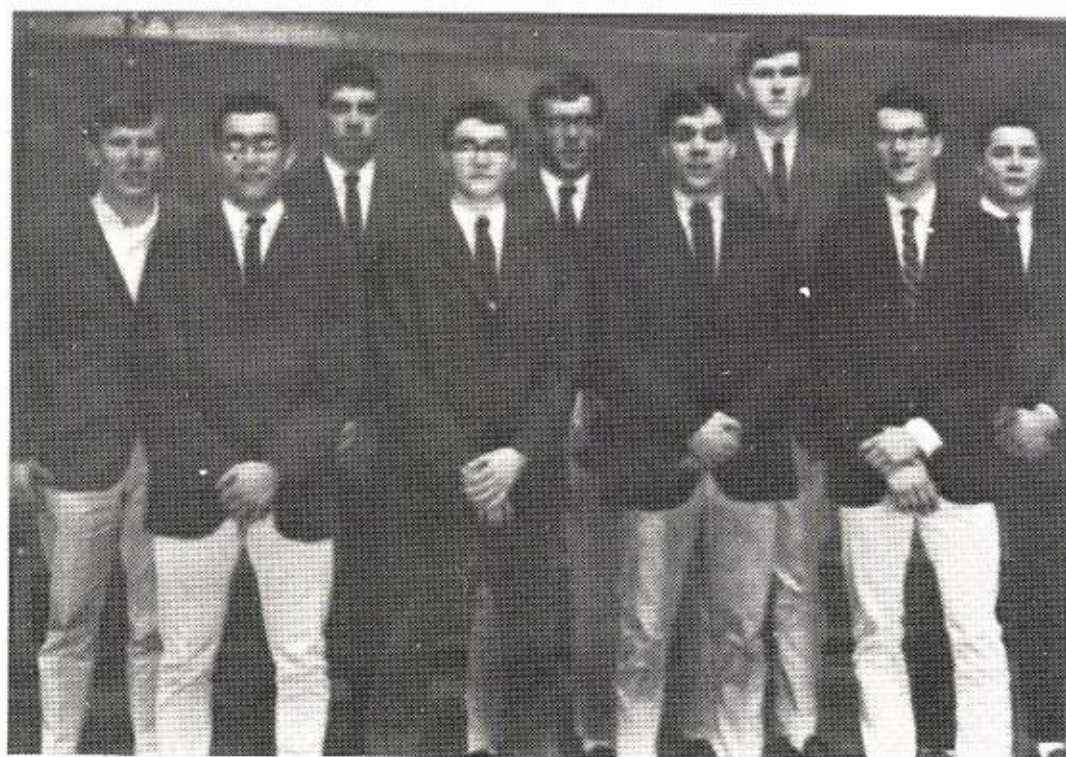

It didn't win every meet but the 1966 Cross Country team was a team of which to be proud. Phil Bolduc set a new school record of 11:14 for the 2.2. mile course. Later in the sectional championships, Pete Freyberg ran well enough to be chosen as a state alternate. At the same meet, Tom Moroney placed third in the J.V. out of all of Westchester. Bringing more honor to PHS, Phil Bolduc was chosen to be on the six-man All-SWIAC team. The Cross Country deserves mention for having Meri Henken as manager. Meri is the first girl to manage a boys' sport at PHS. The team was well coached by Mr. Sabella and Mr. Wittern.

Once again Pleasantville welcomed a new coach and as the season progressed Mr. Joe Mojer became a very popular Panther mentor. Second year Panther stalwarts were "Easy" Ed Quincy, playmaker Jim Sabella, rebounder Allen Rapp, and sharpshooters Riefe Tietjen and Bob Crozier. From the initial tapoff to the sound of the final buzzer, the Big Green was in there contesting fiercely. While only emerging with four season victories, the desire to win for Pleasantville High School was overwhelming. The highlight of this year's court action was the victory over Rye, defending SWIAC champs. Other conquests included Valhalla and Harrison.

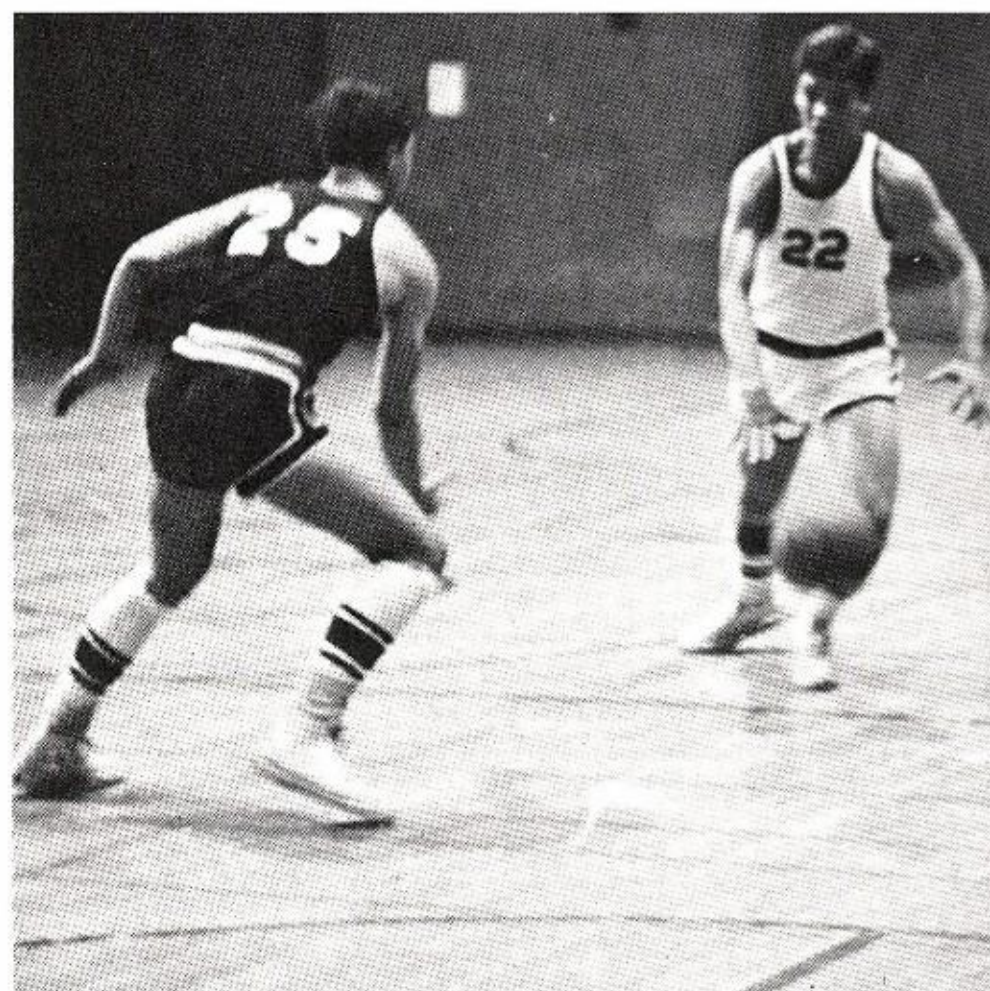

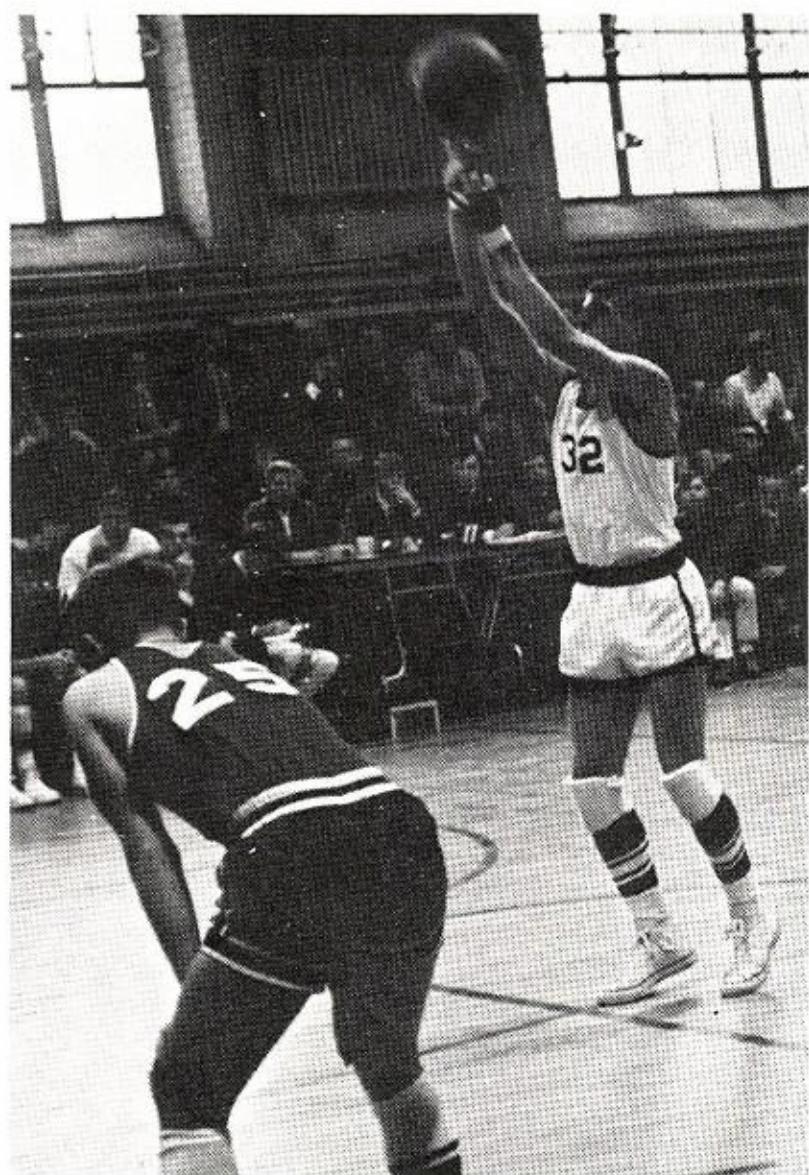

Representing the Panthers this year at the East West SWIAC bout this year were Jim Sabella, Riefe Tietjen, and Ed Quincy, all of whose performances were characteristic of Pleasantville superiority. Congratulations to Mr. Mojer and our team for a fine effort.

"Now be quiet guys, going through the woods."

And let us today embrace the past with remembrance
and the future with longing.
Kahlil Gibran
